**Personal and Educational Goals:**

**Goal for current school year:** To earn credits needed for graduation. I understand I am expected to work towards a minimum of 18 credits this year. If I am behind in credits I will need to work on additional credits in order to graduate with my academic peers. I know I will have reached this goal when the credits appear on my official transcript. This will serve as my assessment for reaching my academic goals.

Courses to be enrolled in this academic year are (to be filled out/attached by school official):

Independent study classes that need to be met above the standard credits are (no more than 4 per school year):
