

Elementary attendance boundary change process update (for 2020/21 school year)

The K-5 Attendance Boundary Input Team gathered for a final meeting April 10 to review options that have evolved as a result of community feedback. The Input Team reviewed and discussed option B1 along with two new options, C3 and C1 that were created after receiving feedback from the Input Team ([link](#))

Final recommendations are now being prepared for School Board review on April 22 at 6 p.m. at the District Services Center in Prior Lake. The public is invited to attend.

K-5 attendance boundaries are being redrawn for the 2020-21 school year to ensure we have adequate instructional and co-curricular space throughout our district for our growing student population. New elementary attendance boundaries will help even out enrollment across the district as we open our new school, Hamilton Ridge Elementary. Our goal is to maintain K-5 attendance boundaries for five years.

Some additional details to note:

- While we will maintain similar K-5 school start times, specific elementary school start-times for 2020-21 will also be reviewed in an effort to gain efficiencies with transportation.
- La ola del lago Spanish immersion school will be a district K-5 school, located at Grainwood Elementary, beginning in the fall of 2020.
- Edgewood School will continue to be home to Pre-K programs.
- K-5 In-District Transfer and Open Enrollment placements for the 2020-21 school year will be determined after the boundaries are approved.

The School Board is expected to take action on attendance boundary changes at its May 6, 2019 meeting. You can find all elementary attendance boundary process meeting materials on our website.

Look inside the new Hamilton Ridge Elementary

Additional interior design renderings have been completed for the new Hamilton Ridge Elementary and are available to view [online](#). The new K-5 school will feature classroom and learning common areas throughout the building that will provide flexible and personalized learning opportunities for students.

Hamilton Ridge will be built in the Big Sky Estates development in Savage and will open in the fall of 2020.

PLHS student receives STEM award

Prior Lake High School student Claire Palmer has earned the Certificate of Distinction Award from the National Center for Women and Information Technology as a part of the Minnesota Aspirations in Computing Awards for high school women.

Palmer was one of 24 high school students in Minnesota to receive the award. Award recipients were selected for their computing and IT aptitude, leadership ability, academic history and plans for post-secondary education.

Middle School students advance to State Competition

Congratulations to these Twin Oaks Middle School students who are advancing to the state History Day competition, which will be held May 4 at the University of Minnesota.

Kiraly Shealy, Individual Documentary; Gavin Shaner and Ethan Pfingsten, Group Documentary; Amy Watters, Brielle Sunde, and Eliana Castor, Group Performance; Himeeka Sunbeeb, Individual Performance.

Steve Miller Band, headliner July 12

Brad Paisley, headliner July 13

Girl Power
Grades 5-8

Middle school girls are bombarded with social pressures and conflicting messages about who they should be and what they should look like. Be encouraged by interactive lessons designed to build confidence and self-worth. Learn strategies to navigate the pressure to compare, promote healthy friendships, and better handle stress. Learn to appreciate and love the skin you're in by nourishing your body with healthy snacks as well as moving your body with group workouts, such as: yoga, kickboxing, dance, and HIIT. Gain confidence in who you are inside and out! Tuesdays, May 7-28, 6:30-8 p.m.

Girls: Made with Code

Grades 3-7

Passion, power and programming! Learn, design, and create with other girls who code! Coding and computing skills are some of the most sought after skills in today's job market. So much so that the jobs are growing much more quickly than those with the knowledge to fill the jobs. Get comfortable achieving in this growing field, where the workforce needs and wants more women! Learn to problem solve and think like a computer scientist. CS First materials and Scratch, a programming language perfect for beginning to intermediate coders, will be used to learn an introduction to code.

Thursday, April 25, 5:30-8:30 p.m.

Camp Connection

Ages 5-10

Build a perfect week! Camp Connection, at just \$5 per session, connects morning and afternoon camps for students ages 5-10. During select weeks, you can add a session before or after your camp(s) to a full day, from 9-4. Community Education staff will handle supervision before and/or after camps! Attend 1 day or all days. Please pre-register. Check for availability in the pricing portion of your favorite camps.

Summer ECFE Classes
July—August 2019

For infant to 5 year olds and their favorite adult

Edgewood School
5304 Westwood Dr. SE
Prior Lake, MN 55372

Welcome to ECFE (Early Childhood Family Education)
Hello and welcome to Prior Lake-Savage Area School's Early Childhood Programming!
Welcome to our Summer ECFE program! Get ready to splash, tinker and explore nature while enjoying together time with your little ones as well as other parent/caregiver peers.

Class Separation Explanation

- **Non-Separating Classes:** Parent educators support interactions in the classroom.
- **Flexible Separating Classes:** Educators decide when and if to separate after the first class date.
- **Gradually Separating Classes:** Grown-ups and parent educators begin the separation process slowly, being sensitive to the readiness of the children.
- **Separating classes:** Children spend time with their teacher while grown-ups gather with a parent educator for part of the class.

Registration Begins
March 1, 2019 @ 8:00 a.m.
