1. What struggles are you facing in your current classes? (Homework load, content, note taking, tests, in-class discussions, etc.)

2. Have you been struggling for a long time? If so, for how long?

3. As a student, what strategies have you tried to improve your grades and achievement in school? Give specific examples of things you have done. (Ex: tutoring, note cards for tests, organizational strategies like folders, after school help, etc.)

4. What other factors, outside of school, may be contributing to your lack of success? (Ex: family situations, diagnosis, social struggles...)

5. Have you ever had a class where you had two teachers helping the students? If yes, did you think that helped?

6. Why do you think ATLAS would be a good program for you?
