- 3:30-6:00 p.m. = $15/week
GENERAL QUESTIONS

When can I register?
Current 2018-2019 CoF Families: January 24-31
Public Registration (1st wave): February 1-10

How old does my child need to be to start preschool? 3 or 4 by September 1st

Does my child need to be independent in the bathroom? Yes. We are not a facility licensed to change diapers or pull-ups.

When will I learn of my child’s placement? By mid-March if you submitted your completed online application by Feb. 10th.

Is financial assistance available? Yes. There is a limited amount of financial assistance available through the program and through MN Early Learning Scholarships.

Can I request to have or not have a certain teacher? Yes, we will do our best to honor it but we cannot guarantee it.

PLACEMENT PROCESS

In what order are placements made?
• Current CoF families who register from January 24-31st will be placed first.
• In district preschoolers placed before out of district preschoolers.
• Age appropriate preschoolers placed before older students (a kindergarten aged child will not be placed before a preschool aged child-with the exception of the Super 5s class in which k-aged students will be placed first).

Other considerations that affect placement:
• Class balance of gender, needs, requests or other factors that may affect a successful class make-up. These considerations may alter placement order.

FULL-DAY VS. HALF DAY CLASSES

Choose full day if:
• Your child has been in a home daycare or center.
• You need the option of before and after care.
• Your child is completely independent in the bathroom (school setting), manages their outdoor gear and separates well.

Choose half day if:
• This is your child’s first experience away from you.
• You do not need the wrap-around care option.
• Your child is in a lot of activities.
• Your child is still developing secure separation skills.

NATURE VS. TRADITIONAL CLASSES

TRADITIONAL PROGRAM
Children will:
• Develop a positive relationship with the natural world.
• Develop a sense of wonder about the world around them.
• Experience risks and rewards.
• Build relationships with peers and secure adults.
• Develop kindergarten readiness skills, both academic and social emotional.
• Be outdoors for at least 30 minutes at a time, in most weather.

NATURE BASED PROGRAM
Children will:
• Develop a positive relationship with the natural world.
• Learn to appreciate all kinds of weather.
• Develop a sense of wonder about the world around them.
• Expand their use of all senses collaboratively, including their sense of balance and movement.
• Be outdoors for at least 2 hours at a time in all weather.
• Experience risks and rewards.
• Build relationships with peers and secure adults.
• Develop kindergarten readiness skills, both academic and social emotional.

Choose Nature if:
• You prefer a more intense environmental focus.
• Your child adores extended outdoor play and exploration (or you would like them to develop this appreciation).
• You can commit to providing appropriate outdoor gear or will ask for help obtaining it.
• You value the benefits that a non-traditional setting offers including flexibility, spontaneity, and the outdoors.

OPTIONAL PRESCHOOL EXTENSION LUNCH BUNCH—FOR HALF-DAY

This ECFE class is for half day preschool students. Stay after your morning preschool class section or come before your afternoon class for a home lunch, and then extended play and learning at Edgewood School from 11:30-1:00.
