

# WELCOME TO KINDERGARTEN CLASS OF 2034!

Prior Lake-Savage Area Schools  
Kindergarten information for the  
2021-22 school year

Online enrollment begins Jan. 14

[www.priorlake-savage.k12.mn.us/enroll](http://www.priorlake-savage.k12.mn.us/enroll)

# Countdown to Kindergarten

## **January 14, 2021**

District wide online kindergarten enrollment  
[www.priorlake-savage.k12.mn.us/enroll](http://www.priorlake-savage.k12.mn.us/enroll)

Parents are strongly encouraged to register their child between January 14 and January 29, 2021 to help us plan for staffing needs at each building.

For families who do not have computer access, please call the District Services Center (DSC) to schedule an appointment to come to the DSC and use our computer kiosk in a safe, socially distanced environment. Call 952-226-0000. The DSC is located at 4540 Tower Street SE, Prior Lake.

## **Save the dates!**

We are planning some exciting events designed for you and your kindergarten student. Save the dates below. Details will be emailed and posted to our website and Facebook page soon!

## **March 4, 2021**

Connect to Kindergarten

## **May 18, 2021**

Kindergarten Open House

## **August 2-13, 2021**

Great Start to Kindergarten assessment days

## Providing an education as unique as your child.

Welcome! At Prior Lake-Savage Area Schools, we know that every child learns differently. That's why we offer program options to meet varying needs and to optimize learning for all students.

We believe all kindergarten students need developmentally appropriate activities throughout their day in the areas of gross and fine motor skills, cognitive development and social/emotional development.

We form partnerships with parents to create a safe, caring, cooperative environment where students learn through developmentally appropriate practices while showing respect for themselves, others and their community.

Our teachers are highly trained, licensed professionals who have a passion for education and are ready to deliver high-quality instruction and a successful kindergarten experience for your child.

*Our mission is to educate all learners to reach their full potential as contributing and productive members of our ever-changing global community.*

# Kindergarten Programs

Parents of kindergarten students have the option to register for Full-Day Kindergarten available at their elementary boundary school or La ola del lago, Full-Day Kindergarten Spanish Immersion at Grainwood. The curriculum outcomes for students are the same whether involved in the traditional Full-Day K or La ola del lago Spanish Immersion. The school day for both programs is 6 1/2 hours and includes the core curriculum as well as field trips, music, physical education, art and technology/media, with all students having access to iPads and SMART Boards in their classroom.

## Full-Day Kindergarten

Full-Day Kindergarten provides a well rounded kindergarten curriculum that gives each child the opportunity to discover and learn through listening, observing, exploring, experimenting and practicing. Students will have experiences that promote social, emotional, physical and intellectual growth. Each child is introduced to a wide range of academic curriculum that helps develop the whole child. During Full-Day K, students have quiet time during the day, but this is not usually a time that children sleep.

Curricular Areas	Kindergarten
Social readiness and work habits, Responsive Classroom	Morning meeting, expectations and logical consequences, Second Step and classroom organization
Reading (Reading Units of Study, Estrellita, La ola del lago only)	Whole-group instruction, small group guided reading sessions, and independent reading
Writing (Writing Units of Study)	Whole-group instruction, small group guided writing sessions, and independent writing
Math (Math Expressions)	Core instruction, extension activities
Science & E-STEM (National Geographic, Explore Lab Kits and Engineering)	Core instruction, extension activities
Social Studies (Social Studies Weekly)	Core instruction
Specials: Art, Music, PhyEd, Media/Technology	250 minutes/week

# Full-Day Kindergarten Spanish Immersion

## La ola del lago at Grainwood

---

Parents have the option of enrolling their child in La ola del lago at Grainwood, the district's full-day Spanish Immersion program for students in grades K-5. La ola del lago welcomes students from anywhere within the district and outside its boundaries. As part of the public school system, there is no tuition cost to parents and in-district transportation is provided.

La ola del lago translates to “wave of the lake,” a name that symbolizes the natural resources of our community and the district's commitment to environmental education.

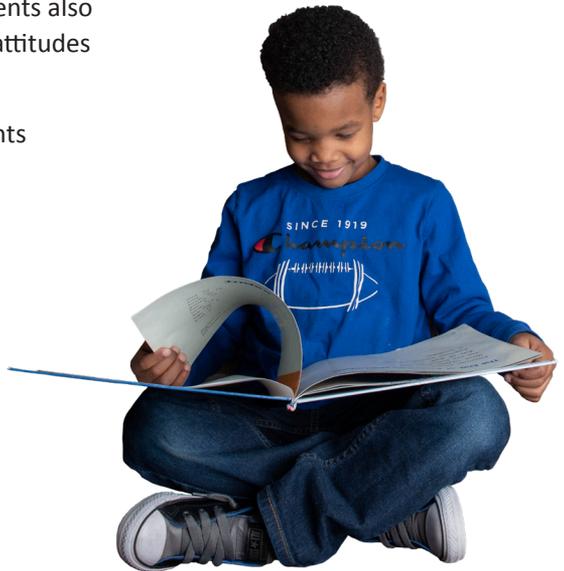

La ola del lago is similar to traditional kindergarten curriculum except all classroom instruction is in Spanish. Students develop high levels of proficiency in their first language and work toward the same academic standards as students in the traditional Full-Day Kindergarten program.

Core curriculum is similar, with the same look and feel of the traditional program curriculum. Students also participate in field trips, music, physical education, art and technology/media. Instruction is differentiated through individual, small group and whole-group instruction.

The teachers speak Spanish throughout the day using expressive tones, exaggerated gestures and many visual aids. Teachers often use songs, useful phrases, and rhymes and structure the day with familiar routines.

Immersion students demonstrate flexibility in thinking and enhanced sensitivity to verbal and non-verbal cues. They are also able to communicate with people they would otherwise not have a chance to know and are able to travel and experience other cultures more meaningfully. All students also demonstrate positive cross-cultural attitudes and behaviors.

Parents of Spanish Immersion students should be willing to strongly support the program and transmit their enthusiasm to their student, yet families do not need to speak or be fluent in Spanish at home. Parents should be willing to encourage their child during challenging times and learn to take risks in speaking and writing a second language.

# E-STEM Education

## Environmental Education - Science, Technology, Engineering, Math

---

Our schools are the first district-wide E-STEM schools in the state of Minnesota. E-STEM is an interdisciplinary approach to instruction and learning focused on inquiry and real world problem-solving in the 21st Century, applying hands-on science, technology, engineering and mathematical practices with projects and field experiences related to the environment.

E-STEM is available to all students, early childhood through grade 12. Our award-winning programs have been modeled by school districts throughout the state and country.

Our district programs have been recognized by the U.S. Department of Education with PLSAS being named a Green Ribbon Schools Sustainability District that supports Environmental Education (EE).

Thanks to community partners, innovative teachers, our Community Education services and the natural beauty surrounding our district, our schools lead the way in integration of environmental education into all aspects of the school day.

Our program is unique in that environmental education is embedded into the core curriculum. This is a major component to the success of the program which results in students who learn to become critical thinkers and approach problem solving by studying multiple perspectives.

Every school has an outdoor classroom setting used by teachers and students. Each year, our elementary schools hold a day-long, outdoor EE festival that has captured the attention of Twin Cities media and has become a tradition students look forward to each year.

# Kindergarten Entry Goals

Children are natural learners. Their innate curiosity, sense of wonder and exploratory nature are traits that will be fostered and nourished in Prior Lake-Savage Area Schools' kindergarten program. Kindergarten students will experience growth in the following curricular areas: Social Readiness, Self-Help Skills, Work Habits, Reading, Writing, Science, Technology, Math, Social Studies, Health & Safety, Music, Art and Physical Education.

Your child is prepared for a successful Kindergarten learning experience when she or he:

- Is 5-years-old by September 1st, 2021
- Demonstrates increasing comfort with separation from family/caregivers
- Manages clothing, bathroom use and outdoor gear independently
- Speaks their first and last name when asked
- Shares their parents/caregivers first and last name when asked
- Asks for help when needed
- Tries hard to complete a task of interest
- Enjoys reading together and is careful handling books
- Writes their first name
- Recognizes some letters and can make their sounds
- Sings rhyming songs such as "Humpty Dumpty" and "Baa Baa Black Sheep"
- Asks: Who, What, When, Where, Why and How questions
- Labels how she or he is feeling
- Labels how a friend or family member is feeling
- Counts to 10
- Can identify "more" and "less"
- Enjoys puzzles
- Draws a picture and replaces the marker cap when finished
- Labels 5 shapes
- Moves safely from one place to the next, quickly and slowly

## Early Childhood Screening

Early Childhood Screening is a free and simple check of how your child is growing and developing. Screening can detect possible health or learning concerns so that children can get help before they start school. As soon as your child reaches 3 years, 2 months call 952-226-0975 to set up a screening appointment.

Have you scheduled  
your Early Childhood  
Screening? Call:  
952-226-0975

# Kindergarten Entry Goals

---

Kindergarten students will play, explore, discover and grow. Support their learner readiness by reading together often, counting items in the grocery cart, talking about feelings and singing songs. Encourage independence in the bathroom and with dressing. Play together imaginatively. Write your names together and then talk about the letter names and their sounds. If your child finds it fun, practice their home address and phone number. Label your child's backpack with this information and ensure they know where that is located. Share positive memories you have from school. Be excited together!

## Great Start to Kindergarten

PLSAS is committed to preparing instruction that caters to the unique learning needs of all children. To help us in our planning, we will be scheduling "Great Start to Kindergarten" assessments for students August 2-13, 2021.

In the summer, we will be contacting enrolled kindergarten families with specific dates and times to schedule your child's "Great Start to Kindergarten" experience.

A trained staff member will work with your child one-on-one to measure reading, math and social skills. The testing will take up to 30 minutes and will help us place your child in the kindergarten classroom that is best suited for him/her.

**Children reaching the age of 5 between Sept. 2nd and Oct. 15th may meet specific criteria for early entrance in kindergarten. Call your building principal for details.**

# School Services

---

## Transportation

The attendance areas for kindergarten are established by elementary school boundaries. To find your designated school, please visit [www.priorlake-savage.k12.mn.us/map](http://www.priorlake-savage.k12.mn.us/map)

Kindergarten bus stops will change from year-to-year to recognize changing needs of in-district students. The transportation department will determine bus stop locations in the summer and post bus assignments and bus stop locations to your personal Infinite Campus website account in mid August. Open enrolled students are eligible to ride the bus from any established stop located within the school attendance boundary area. Parents requiring daycare, second household or open enrolled stops will need to submit an Alternate Bus Stop Request Form, available on the district website, by June 15. These forms are due every year.

Bus stops in your neighborhood have been established to serve all children. While we are not able to make bus stops within eyesight of every student's house, we do make every effort to create kindergarten stops as close to home as possible. To help make the bus stop as safe as possible, we recommend that a parent wait with kindergarten students at the bus stop. In addition, bus stops are frequently checked by transportation personnel to help ensure the safety of all students. Per state law, the maximum walking distance, without hazards, to a bus stop for students in grades K-5 is 1 mile.

## Child Nutrition Services

All kindergarten students receive a free breakfast and have the option to purchase lunch or bring their own lunch. All student lunch accounts remain prepaid with deposits made with cash, check or credit card. The district has contracted with SchoolCafé to provide the added convenience of using a credit card, with no transaction fees, to prepay for meals. Free and Reduced-Price Lunch assistance is available. Application forms are located on our website on the Child Nutrition Services page ([www.priorlake-savage.k12.mn.us/meals](http://www.priorlake-savage.k12.mn.us/meals)) and on our SchoolCafé app. Menus can be found on our website or by downloading the SchoolCafé app on your mobile device. If your child has any food allergies, please submit a doctor's note to the Health Aide at your child's school.

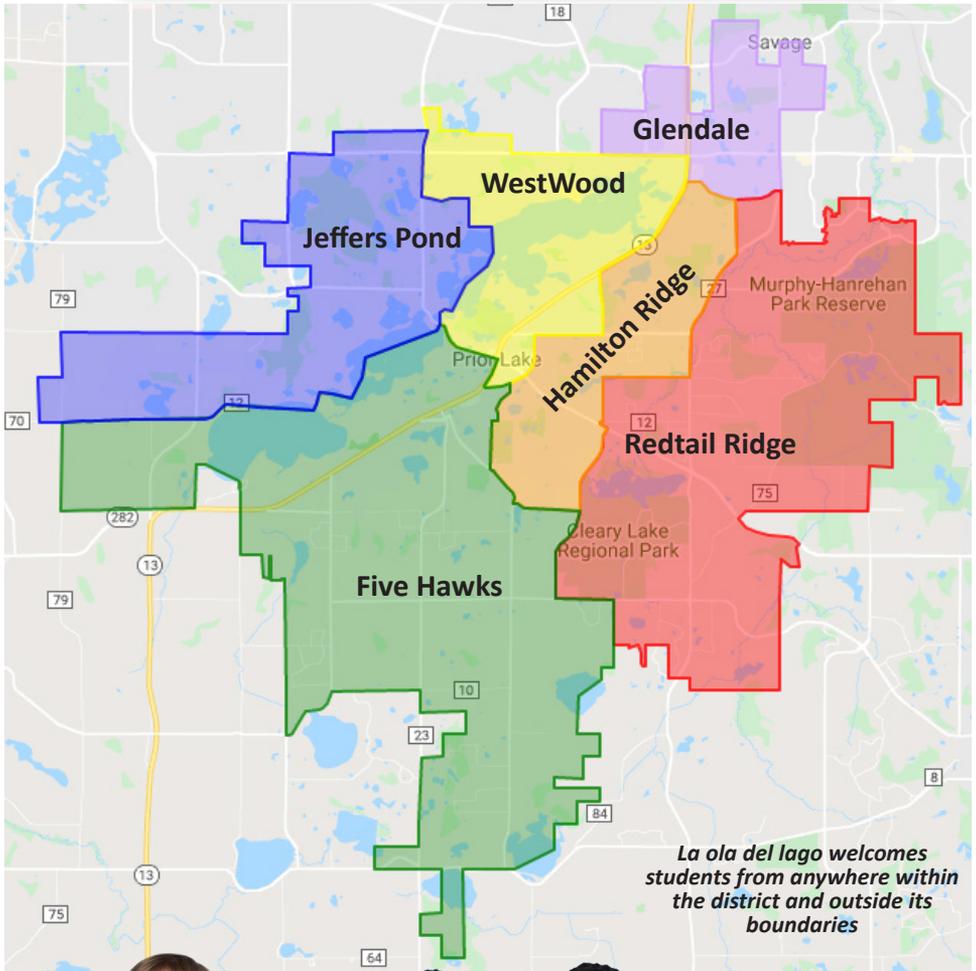

## Health Services

Our health services department at Prior Lake-Savage Area Schools is staffed with health aids who are supervised by Licensed School Nurses. If you child has any health concerns, please indicate this under the Health Review section of the online enrollment process, which opens January 14, 2021. Our health service staff will coordinate with you to accommodate your child's health needs.

Additionally, your child must be up-to-date on all required immunizations prior to beginning kindergarten. Minnesota Immunization Law allows for the exemption of these vaccines for medical or conscientious beliefs with notarization. Please upload your child's immunization records during the online enrollment process.

# Attendance Boundaries

To find your elementary boundary school, visit:  
[www.priorlake-savage.k12.mn.us/map](http://www.priorlake-savage.k12.mn.us/map)

# Resident & Non-Resident Students

---

## Resident Students

Resident students will attend their elementary boundary school or La ola del lago Spanish Immersion at Grainwood, and complete the enrollment process online. Parents are strongly encouraged to register their child between January 14 and January 29, 2021 to help us plan for staffing needs at each building.

### In-District Transfer (IDT) Requests for Resident Families

In-District Transfer requests will be granted for siblings of students at the following programs: (families must still complete an IDT form)

- School for the Advancement of Gifted Education (SAGE)
- Special Education Center-Based Programs

We will begin accepting In-District Transfer forms on January 14, 2021, when online enrollment opens. Forms will be available on our website. Completed forms must be turned in by March 29, 2021. Visit [www.priorlake-savage.k12.mn.us/enroll](http://www.priorlake-savage.k12.mn.us/enroll)

### La ola del lago for Resident Families

Currently the district has a cap of 92 kindergarten students for La ola del lago (LODL). If there are fewer than 92 resident students enrolled at LODL by February 8, all the children registered will be accepted. If there are more than 92 resident students indicating a preference for LODL, the district will conduct a lottery on February 9. Parents of resident students wishing to attend LODL must enroll by February 8 to be included in the lottery.

Incoming resident kindergarten students who are siblings of current LODL students will receive priority in the lottery. Resident students registering after February 8 will be accepted into LODL on a first come, first served basis until the district reaches 92 students at LODL or, if a lottery was conducted, they will be placed on a waiting list.

## Non-Resident Students

PLSAS welcomes non-resident students as Lakers through the Minnesota Department of Education's Open Enrollment (OE) program. Under OE, families are requesting enrollment into the district, not a site within the district. OE forms are to be filled out listing 3 school options (no options are guaranteed). OE students will be assigned a school based on building capacity and district class sizes.

The district is now accepting OE applications for the 2021-22 school year. School placement will be announced to approved, open enrollment families in May.

**To open enroll into the district, please fill out an open enrollment form located on our website: [www.priorlake-savage.k12.mn.us/enroll/open-enrollment](http://www.priorlake-savage.k12.mn.us/enroll/open-enrollment), then:**

**email it: [btlusty@priorlake-savage.k12.mn.us](mailto:btlusty@priorlake-savage.k12.mn.us)**

**fax it: 952-226-0049 or**

**mail it: District Services Center, 4540 Tower Street SE, Prior Lake, MN 55372**

**Questions? Please call 952-226-0077**

# Kindergarten Registration

## Online enrollment opens Jan. 14, 2021

Beginning January 14, PLSAS will open online enrollment for all new students, including incoming 2021-22 kindergarten students. At that time, families can visit the district's enrollment page to begin the student registration process (please see pg. 8 for important resident and non-resident enrollment details).

**Parents and guardians of incoming kindergarten students are strongly encouraged to register their child online between January 14 and January 29, 2021 at [www.priorlake-savage.k12.mn.us/enroll](http://www.priorlake-savage.k12.mn.us/enroll)**

To help prepare for online enrollment, please have your child's most recent immunization record ready to upload, along with your student's birth certificate or passport. Please note that online enrollment cannot be completed from a cell phone.

Paper enrollment packets will not be mailed. Enrollment will only be available online or by visiting the District Services Center, 4540 Tower Street SE, Prior Lake between 8 a.m. and 4 p.m. Monday - Friday. For families who do not have computer access, please call the District Services Center (DSC) to schedule an appointment to come to the DSC and use our computer kiosk in a safe, socially distanced environment. Call 952-226-0000. The DSC is located at 4540 Tower Street SE, Prior Lake.

## Watch Our Kindergarten Videos

Visit our YouTube channel at [www.youtube.com/isd719](http://www.youtube.com/isd719) to view our Full-Day Kindergarten and La ola del lago videos where you can see what a school day looks like for kindergarten students. You can also scan the QR codes below to watch the videos instantly.

### Kids' Company School-Age Care

Kids' Company, a program of Prior Lake-Savage Area Schools Community Education Services, offers before, after and non-school day care for all kindergarten students at every elementary school. Kids' Company can also be your choice for child care the summer before and after kindergarten. The program is self-supported by parent fees. For more information about Kids' Company, including registration, please call 952-226-0090.

952-226-0900

# Responsive Classroom

PLSAS elementary schools practices the principles of Responsive Classroom to teach students the social skills of C.A.R.E.S. (Cooperation, Assertion, Responsibility, Empathy and Self-Control) where social-emotional and academic learning combine to encourage and empower children. Responsive classroom helps to increase social skills and academic achievement, creates positive classroom climate and expands learner independence.

# Volunteer

There are a wide variety of volunteer opportunities in all of our elementary schools. The PTC (Parent Teacher Child) and DOGS (Dads of Great Students) are groups that support our schools through many volunteer efforts.

# Communication

Principals regularly communicate via parent newsletters and social media to help keep parents informed of events and school happenings.

In addition, our elementary schools use an online communication tool called Seesaw which offers a virtual window into the classroom. Seesaw is a student-driven digital portfolio that empowers students to create, reflect, share and collaborate. Parents use a unique login to see their child's work in one place along with important classroom updates and information from the school office.
